

Technical Data Sheet

Air Duster Pressure Cleaner Spray

Description

ChemTools Duster is a non-flammable, non toxic, moisture free gas used to remove microscopic contaminants, lint, dust, from photographic, optical, keyboards, circuit boards and other electrical and electronic equipment. Furnished with an extension tube for delicate or inaccessible areas.

ChemTools Duster uses a pure, inert, non-ozone depleting substances that yields a high pressure spray of compressed gas.

Physical Properties:

Flash Point:	none
Appearance:	Gas
Odour:	None
Volatiles %:	100
Propellant	HFC-134a

Application Methods:

Use in a near vertical position and apply short bursts of gas to the area to be cleaned. If used at an angle less than 60°, liquid may be expelled. Do not use the air duster for prolonged bursts as the can surface may become very cold.

Use only in a well ventilated area.

Storage:

Store in a cool, dry place, in tightly closed original containers, at a room temperature between 5°C to 30°C. Do not place in direct sunlight or near any heat source. Please do not return any used material to its original container.

PRECAUTIONS: This product capable of producing adverse health effects ranging from minor skin irritation to serious systemic effects. None of these materials should be used, stored, or transported until the handling precautions and recommendations as stated in the Material Safety Data Sheets (MSDS) for this and all other products being used are understood by all persons who will work with the material.

Warranty: All products purchased from or supplied by ChemTools are subject to terms and conditions set out in the contract. ChemTools warrants only that its product will meet those specifications designated as such herein or in other publications. All other information supplied by ChemTools is consider accurate but are furnished upon the express condition the customer shall make its own assessment to determine the product's suitability for a particular purpose. ChemTools makes no other warranty, either express or implied, including those regarding such other information, the data upon which the same is based, or the results to be obtained from the use thereof; that any product shall be merchantable or fit for any particular purpose; or that the use of such other information or product will not infringe any patent.
