

Technical Data Sheet

R40 Revive-IT WD Penetrator

Description

ChemTools R40 Revive-IT is a mixture of refined mineral oil distillates which displaces water (WD), repels moisture, cleans, penetrates, lubricates and prevents corrosion.

Very effective for loosening rusted parts, stopping squeaks, dissolving grease and reducing wear and friction. Use for general maintenance of machinery and equipment.

May also be used in marine environments for protection from salt spray deposits

ChemTools R40 Revive-IT is flammable and should not be sprayed onto live electrical equipment or other sources of possible ignition. Allow fumes and vapours to disperse before starting up equipment.

Physical Properties:

Flash Point:	12°C
Boiling Point:	82°C
Appearance:	Clear Colourless Liquid
Odour:	Paraffinic
Specific Gravity @ 20°C:	0.787
Propellant	Hydrocarbons

Application Methods:

It helps to start wet motors, loosens rusted parts, lubricates, stops squeaks and protects against rust

Will not adversely affect rubber, paintwork or most plastics. May effect polystyrene and polycarbonates; test before applying.

Storage:

Store in a cool, dry place, in tightly closed original containers, at a room temperature between 5°C to 40°C. Do not place in direct sunlight or near any heat source. Please do not return any used material to its original container.

PRECAUTIONS: This product capable of producing adverse health effects ranging from minor skin irritation to serious systemic effects. None of these materials should be used, stored, or transported until the handling precautions and recommendations as stated in the Material Safety Data Sheets (MSDS) for this and all other products being used are understood by all persons who will work with the material.

Warranty: All products purchased from or supplied by ChemTools are subject to terms and conditions set out in the contract. ChemTools warrants only that its product will meet those specifications designated as such herein or in other publications. All other information supplied by ChemTools is consider accurate but are furnished upon the express condition the customer shall make its own assessment to determine the product's suitability for a particular purpose. ChemTools makes no other warranty, either express or implied, including those regarding such other information, the data upon which the same is based, or the results to be obtained from the use thereof; that any product shall be merchantable or fit for any particular purpose; or that the use of such other information or product will not infringe any patent.
