AEROSOLS | WELDING CHEMICALS | ADHESIVES & THREADLOCKERS | ANTI-SEIZE & GREASES | CLEANING CHEMICALS & SOLVENTS | ELECTRICAL & ELECTRONICS

Issued: February 2022

Rapidstick™ Industrial Adhesive Cleaner

PART NUMBER	AVAILABLE SIZE
8-ADC-150 (Prev 8-4100-150)	150g Aerosol
8-ADC-300 (Prev 8-4100-300)	300g Aerosol
8-ADC-500ML (Prev 8-4100-500ML)	500ml
8-ADC-5L (Prev 8-4100-5L)	5 Litres

PRODUCT DESCRIPTION

Chemtools® Rapidstick™ Industrial Adhesive Cleaner dissolves unwanted glues and sticky residues on previously bonded surfaces, and aides in the dismantling of difficult to separate, or incorrectly bonded parts. It leaves surfaces free of contaminants and ready for the application of new adhesive, ensuring a reliable and strong bond.

As a multi-purpose pure blend solvent cleaner, 8-ADC is safe for use on most metals to remove just about any surface contamination, including grease and oil, tar, silicone and wax residues, gum, and caked-on grime.

Rapidstick™ Industrial Adhesive Cleaner is also an excellent auto body surface primer with low toxicity and no chlorinated solvents, formulated to prepare and leave surfaces residue-free and ready for painting.

DIRECTIONS (READ LABEL BEFORE USE)

Using a soft brush, cloth, or plastic spatula, ensure the target area is free of as much loose or easily lifted debris or old adhesive as possible prior to application. This will assist the liquid to reach the surface quicker.

Apply liberally to the target area and allow time to penetrate and break down the adhesive before wiping away.

For stubborn residues, repeat the application as often as necessary.

FIRST AID & SAFETY PRECAUTIONS

Please refer to Safety Data Sheet (SDS) before use. Use with adequate ventilation and avoid breathing fumes. Avoid contact with eyes and skin. This product may produce adverse health conditions, ranging from minor skin irritation to serious systemic effects. It should not be used, stored, or transported until the handling precautions and recommendations as stated in the Safety Data Sheet (SDS) for this product have been fully understood by all persons who will work with the material.
