Lint Free Wipes

PART NUMBER	AVAILABLE SIZE
CT-LFW-100	Pack of 100, 350mm x 300mm

PRODUCT DESCRIPTION

Chemtools® Lint Free Wipes are completely sterile, highly absorbent, extremely soft wipes, free of lint and low in particulate and non-volatile residues. When used with liquids, they are static-free and will not allow dust to cling.

Lint Free Wipes are made from ultra-clean cellulose and long polyester fibres. They provide superior cleaning without the risk of surface scratching, making them ideal for wiping sensitive parts and equipment, such as optical and precision instruments, screens, and printer parts. They are recommended for use with a wide range of industrial liquids and solvents, including Isopropyl Alcohol, Acetone, and Methylated Spirits.

SPECIFICATIONS

Material	Non-woven blend of polyester and lyocell
ESD Category	Static neutral when used with liquids
Strength	Excellent, both wet and dry

DISCLAIMER

Chemtools® has made every effort to ensure the information provided in this Technical Data Sheet is accurate at the time of publication. Chemtools® expressly recommends that the user make his/her own assessment to determine the suitability of the product for its intended purpose prior to application. Chemtools shall not be responsible for loss, damage, or injury, resulting from the reliance upon, or failure to adhere to, any recommendations or information contained herein; nor from abnormal use of the material; nor from any hazard inherent in the nature of the material.
