## DEOX R17 Food Safe Machine Oil

PART NUMBER	AVAILABLE SIZE*
CT-R17FS-300	300g Aerosol
CT-R17FS-5L	5 Litres

\*Available colours and/or sizes may change without notice.

### DESCRIPTION

Chemtools® DEOX R17 Food Safe Machine Oil is a highly refined, silicone-free industrial lubricant which penetrates and loosens rust, scale, corrosion, and other debris without damaging surface layers. It is safe on all surfaces, including wood, paint, and plastics, and is commonly used for lubricating bearings and roller, pumps, gears, chain drive belts, conveyors and mixers, and dispensing and filling machines.

R17FS offers excellent wear protection and high lubricity for mechanical parts and equipment, without interfering with carton sealing or capping operations. It is virtually undetectable in taste, odour, and colour, and can be used where incidental food contact may occur.

### APPLICATION

Ensure all surfaces and components are clean and free of dirt, contaminants, and old grease prior to application.

For optimal performance, apply a liberal coating to bearings and other moving parts. Ensure good coverage.

Aerosol: Shake can before use. Spray from a distance of 250 – 300mm. Wipe away any excess with a soft cloth.

Application may be repeated as often as is necessary.

### TECHNICAL DATA

Colour	Light amber
Odour	Very mild odour
Propellant	Carbon Dioxide (CO <sup>2</sup> )
Flammability	Non-flammable
Shelf Life	<u>Aerosol</u> : 12 months from the date of manufacture <u>Bulk</u> : 24 months from the date of manufacture

### FIRST AID & SAFETY PRECAUTIONS

**Always refer to Safety Data Sheet/s before use.** Use proper Personal Protection Equipment. Do not get in eyes, on skin, or on clothing. Use with adequate ventilation. Avoid breathing fumes. Keep aerosol away from heat, sparks, open flames, and hot surfaces. This product may produce adverse health conditions, ranging from minor skin irritation to serious systemic effects. It should not be used, stored, or transported until the handling precautions and recommendations as stated in the Safety Data Sheet/s for this product have been fully understood by all persons who will work with the material.

### STORAGE & TRANSPORT

**Refer to Safety Data Sheet/s for recommendations.** As a general precaution, keep containers tightly closed, protect from sunlight, and do not expose to temperatures exceeding 50°C. Store in a cool, dry place at room temperature (5 – 40°C). Do not return any unused material to its original container. Containers should be secured and stored upright during transit.

### DISCLAIMER

Every effort has been made to ensure the information provided in this document is accurate at the date of publication. Chemtools® Pty Ltd expressly recommends that the user make his/her own assessment to determine the suitability of the product for its intended purpose prior to application. Chemtools® Pty Ltd shall not be responsible for loss, damage, or injury, resulting from the reliance upon, or failure to adhere to, any recommendations or information contained herein; nor from abnormal use of the material; nor from any hazard inherent in the nature of the material.
