CT-SSP-1L	1 Litre
CT-SSP-5L	5 Litres
CT-SSP-20L	20 Litres

*\*Available colours and/or sizes may change without notice.*

### DESCRIPTION

Chemtools® Corrofix™ SSP Professional Stainless Steel & Metal Protector is a non-abrasive, streak-free degreaser that is safe for all polished metals, including aluminium. It removes dirt, grime, fingerprints, and more, leaving surfaces metallurgically clean. Applying prior to transport provides an additional invisible coating that is designed to seal the surface to further reduce soiling.

### FEATURES & BENEFITS

- Non-abrasive and streak-free
- Produces a metallurgical clean
- Safe on all polished metals, including aluminium
- Seals and protects after cleaning
- Degreases most contaminants and removes fingerprints
- Ideal for industrial parts and tools through to domestic appliances
- Excellent surface protector for use during transit or storage

### APPLICATION

Remove loose contaminants from the surface prior to application. Apply by spray (aerosol) or a soaked, lint free cloth and wipe over the surface in a circular motion to remove fingerprints or contaminants.

### FIRST AID & SAFETY PRECAUTIONS

**Always refer to Safety Data Sheet/s before use.** Use proper Personal Protection Equipment. Do not get in eyes, on skin, or on clothing. Use with adequate ventilation. Avoid breathing fumes. Keep away from heat, sparks, open flames, and hot surfaces. This product may produce adverse health conditions, ranging from minor skin irritation to serious systemic effects. It should not be used, stored, or transported until the handling precautions and recommendations as stated in the Safety Data Sheet/s for this product have been fully understood by all persons who will work with the material.

### STORAGE & TRANSPORT

**Refer to Safety Data Sheet/s for recommendations.** As a general precaution, keep containers tightly closed, protect from sunlight, and do not expose to temperatures exceeding 50°C. Store in a cool, dry place at room temperature (5 – 40°C). Do not return any unused material to its original container. Containers should be secured and stored upright during transit.

### DISCLAIMER

Every effort has been made to ensure the information provided in this document is accurate at the date of publication. Chemtools® Pty Ltd expressly recommends that the user make his/her own assessment to determine the suitability of the product for its intended purpose prior to application. Chemtools® Pty Ltd shall not be responsible for loss, damage, or injury, resulting from the reliance upon, or failure to adhere to, any recommendations or information contained herein; nor from abnormal use of the material; nor from any hazard inherent in the nature of the material.
