Heavy Duty Industrial Grade On/Off Dripleless Caulking Gun

PART NUMBER	COMPATIBILITY
DCT-DG8310-1	300ml and 310 Cartridge

DESCRIPTION

The durable DCT-DG8310-1 Industrial Grade Dripleless Caulking Gun is manufactured from heavy duty metal with a premium finish and an ergonomically designed aluminium handle and trigger. It features a high density sintered thrust block with a heat-treated (hardened) push rod and dual thrust ratios (dripleless ON: 14:1 / dripleless OFF: 19:1) for smooth, precise dispensing of high viscosity materials.

The DCT-DG8310-1 includes an easy to reach dripleless on/off switch which pulls back the push rod, ensuring caulk does not continue to flow, while its 360-degree rotating cradle makes it easy to install and remove cartridges.

TECHNICAL DATA

Material	Aluminium Handle, Aluminium Trigger
Thrust Ratio – Dripleless ON	14:1
Thrust Ratio – Dripleless OFF	19:1
Weight	780g
Dimensions	360mm x 210mm x 60mm
Warranty	12 months under normal use and with proper maintenance
Compatibility	300ml and 310ml cartridges
