A WORKSHOP MUST HAVE!

A time-saving and vital dispensing accessory for all tradies everywhere

WHY YOU KNOW YOU NEED TO GET IT:

Reduces or eliminates injury caused by repetitive, continuous, or excessive aerosol spraying*

Is comfortable, smooth, and ergonomically designed

Uses less muscular pressure by greater than half when compared to spraying a standard 'single finger' nozzle

Recommended for arthritis sufferers to assist with relief from finger, hand, palm, wrist and forearm strain.

*User feedback. See your doctor or specialist if pain persists.

WHY YOUR BOSS WANTS YOU TO USE IT:

Reduces fatigue and allows for greater flexibility and directional accuracy

Is affordable, durable, and made for heavy duty use

Ensures a non-slip grip, better manoeuvrability, and an increase in user productivity

Is easy to attach and remove, with no down time and no mechanical parts to service
