WITH **WATER & SOLVENT RESISTANT EPOXIES**

## QUICK & VERSATILE

Rapidstick dual syringes deliver equal parts resin and hardener with every use, allowing you to easily produce a tough, rigid bond in no time for faster project completion.

## INVISIBLE BONDING & REPAIR

5 & 15 Minute Epoxies dry clear for transparent jobs that require invisible seams.

## COMBINE WITH OTHER MATERIALS

Use on a wide range of materials as a gap filler, or for surface repairs and laminating. Mix with fibreglass cloth for a durable patch, or tint with earth pigments, cement, or sand for colour matching. Rub back and drill once dry.

5 MIN EPOXY: P/N: 8-150-25  
15 MIN EPOXY: P/N: 8-250-25

CUT · MIX · SHAPE · APPLY

CURES HARD AS METAL IN 15 MINS!

## EPOXY PUTTY

**PERMANENTLY FIXES CRACKS, HOLES, DENTS & LEAKS • CAN BE SANDED, DRILLED, FILED, TAPPED, MACHINED, OR PAINTED**

EPOXY PUTTY  
P/N: 8-145-57 (57g)

## REPAIRS

CHIPS, CRACKS, DENTS, SPLITS,  
BREAKS AND MOST SURFACE  
OR STRUCTURAL BLEMISHES

## SEALS

LEAKS IN PIPES,  
TANKS AND FILTERS

## BONDS

TO **WET** AND DRY SURFACES

QUICKLY & EASILY

## FILLS

SPACES,  
HOLES  
AND GAPS
